

Dear Sirs;

I have had the XM Radio for 3 years now. I enjoy a lot of what the XM Radio provides for me. I am a truck driver and depends on up to date weather, traffic and news. The other stations did not provide this for me. I found I was spending a lot of time trying to find a channel for all the information I need. I doing this search, I found I was not a safe driver out here. This is the main reason I depend on the XM Radio weather and traffic. I pay for this service, and do feel that the National Association of Broadcasters to dictate what and when I am permitted to hear.

I then tell the FCC to reject the NAB'S PETITION 04-160 and to support XM'S ability to provide the kind of programming that I demand and deserve.

Thank You;  
Mr. and Mrs. Michael E.
